- "The city allowing the many buildings being painted with mexican murals. Why not American flags or veteran murals. Our city is over run with illegals and nobody cares. Rental homes and apts. Run down and the yards are very unkept. Nobody cares. I have called the city many times on a mobile park at 6900 Highway 2. If anything has been doe it is not visible driving down 69th. It looks like the slums of NY or LA. We fought to and won to save our name ""Commerce City"". Now why can't our city fight to clean it up. I have lived in Commerce City for 45 years and have seen some good and some bad changes. I feel we should clean up our streets and make changes in the mobil parks and give our city an image that we can be proud of. The ""core"" of the city need that. If the city officials would drive thru and check things out maybe they would see what I see. I am sure there are community services people- that would be glad or willing to work their hours out this way. Like, mow, weed, pick up the trash etc."

- Safety.
- A lot of Traffic and not enough stop lights.
- More people roaming around after dark, more loud music in cars going by. Can't use much water for lawns, Burger King torn down and not replaced. Speeding cars on our street without any control.
- Addition of round-abouts.
- HIGHER TAXES!
- Liquor Stores.
- Vacant homes, poor yard upkeep.
- Housing Forclosures.

- Very loud amped up base noise from cars, all the time day/night every day. C.C. was quiet and kept lawns and houses, but since Mexico moved in it is loud, noisy, and unkept. Cars are loud muscle and pipes. 64th avenue north to 72nd - Kearney east to Quebec. Speeding on 66th place off of Monaco. Seldom see police in neighborhood on patrol. Just on emergency's then 4 or 5 in same location. North Area gets better police services because mayor lives there and doesn't care much about south C.C., Core City, and I have heard called sanctuary city for illegal aliens.
- Foreclosures - trashy yards - Several families under one roof. Loud music?? Barking Dogs - 4/5 cars/trucks per household.
- More foreclosures, unkept yards, decreasing property values, increased roadwork inconvenience. Need better building code aesthetic requirements, e.g. look @ Parker, Ccreek, etc..
- Medians are weeds, master areas are dried up, no city improvements since we moved here. All the improvements are in reunion or on Quebec. 400-500k homes in our area and we feel we are paying high taxes with zero return.
- The noise on the street, no privacy, neighbors
- The annexation of peoples property. Is not right.
- The mess of 104th.
- The turnabout at Heartland is difficult to navigate and is an eyesore. Pull out of Jasper is difficult.
- Higher property tax.
- Speeding on 104th day and night now that the construction crews are not around and no police are around!
- Lots of foreclosures + unkempt yards. Lots of commercial vehicles in driveways and streets.
- Developer pulled out and lots are abandoned. Open spaces that are supposed to be landscaped have not been.
- messy yards unkept lawns with cars, trash on list out for day on sidewalk
- So many properties for sale (re-sale)
- Lack of good fast food restaurants, not enough restaurants too many liquor stores
- Street Realigned, laws on weed etc, the way city council wastes money annexing people against their will, that's rotten, street lights on Highway 2- taken down?? Sister city in Chins- Why?
- too many police officers
- before nobody would visit like my family and friends
- foreclosure rates and the amount of homes that are vacant and in need of attention
- We need our police officers patrolling neighborhoods at night
- New liquor store @ 104th and Chambers- Erratic speed zones on 104th due to construction 3mph/45mph/50mph/35
- Really #!!!\$ construction services by Scott Contracting, lacked of promised commercial services
- overbuilding
- Long time waiting for 104th to be repaired, long wait for grocery stores, no local pools for our community
- Need more businesses not many businesses yet in the 104th and tower area
- More crimes, still not a developed community. It feels as though the city does not care about this neighborhood.
- Would like to see a shopping store closer to home instead of having to drive 10 miles or more to grocery stores.
- De-valuation of property. People not taking care of yards, landscape. Invasion by Mexico. Have to know foreign language to get jobs in our area.
- Only one. No home dep. Why?
- Poor maintenance on park
- Noise from ball park, lights on all night. Too many people parking on streets.

- City hall & police left the area.
- The Hi-way at 60 ave and Hi-Way 2# and 6/85 are to wake acous if at all! Please make batreter, sone!
- The immediate growth and lack of schools.
- Yards unkept,home forclosers
- Decrease interest living in commerce city , crime increase
- More houses are for sale
- More grafitti ,noise, more trash,less code inforcement,more barking dogs
- Empty houses,yards not kept,In the last 4 years we have lived here we have seen a street sweeper 2 times.when we get snow they forget that people live in outlook!
- New quebec st its hard to go north on it .I have to drive four blocks to go north
- Trashing neighbors
- When you enter the bushes are so long it makes it hard to see on coming traffic,plus you can not see the name of the place
- More renters who care nothing about the property or how it looks or the respect for the feelings of those around them
- A huge influx of illeagal aliens.When in stores or bussiness most peoplespeaking spanish This is supposed to be america not mexico.everyone catering to them instead of making them adjust to their new surroundings.
- Empty homes/for sale /abanded.yards not kept up. Need snow removal.Need people to park on the right side of the street not the sidewalks!
- Too many [Racial Slur]
- no grocery store! Commercial development has stopped, road construction (constant), no Pena Blvd. west bound ramp off of tower
- More light, more park to swimming
- Taxes. If I pay double the taxes, I should see double the changes out here!
- Nothin, just keep going, little at a time. Doing a good job!
- Many new people moving in who cannot or do not speak english
- Graffiti on playground equipment & pool house trash. Lack of upkeep on trails. Curbs in traffic circles that are broken and not repaired
- Quebec Street improvement caused big rigs to drive through our street around the round about.
- A liquor store in our neighborhood across the street. More Violence.
- Planned Retail/Shopping/Home Building has all but stopped.
- Traffic light at 104th & landmark, more for sale houses, vacant lots, vacant houses (Dead lawns). Swimming pool is too crowded, property taxes tripled since I moved in 3 years ago.
- Excess Airport traffic and NOISE over home. Property Taxes. Exit-right only and enter right only near our home = have to drive 5/6 blocks out of way t make a legal turn=not very fuel efficient.
- The amount of empty houses and the lack of being able to do home improvements due to funding or high costs.
- No Changes Yet
- Desperately need a grocery store & sit down restaurants closer.
- When expanding 104th there should have been a bridge/flyover the rail roads.
- Crime up?
- 104th Road work, it seems a lot of work being done 2 or 3 times and taking a long time.
- More plane noise from airport, more vacant homes and yards not kept up.

- Not many changes in our area.
- Low end strip mall, no restaurants, crime, taxes, Reunion wasting water. No Grocery Store, No Town Center, Traffic on 104th fast, no Library.
- Tax burden, do more with less, the economy dictates this.
- Rental property with many families, trashy yards, zoning violation not enforced
- none
- Schools were built in Brighton and not in Commerce City. Many foreclosures not being maintained. Builder failing to maintain stalled projects.
- Foreclosures, teenagers over running small childrens play equipment at community parks. Graffiti
- Police response time, overall decline police presence in neighborhood.
- Too many immigrants (Com. City looks like poor old Mexico)
- People letting their lawns and yards go to weeds-trashy-lots of empty homes.
- No services up here. No public transportation. A lot of foreclosures, vacant house. Dramatic decline in property values.
- Sometimes it just seems that the gang kids have more control.
- Oneida Street from 72nd Ave to Hwy 2 definitely needs to have speed bumps put on it because it is very close to Hanson Elementary School and on the side streets also. We have several young kids walking to the school and to the bus stops. Too many people driving over the 25mph speed limit during the school year as well as summer months.
- Proposal of NASCAR
- All the focus on kids and families. What about single people I watch my taxes go to support their schools and community activities.
- "The quality of maintenance between Quebec, 72nd Street and Vasquez, this area seems to look really run down. Such as houses being really an eye sore, weeds, junk cars, dead grass. A lot of homes empty. The realtor or owner needs to keep up with the home. ""Holly Park"" needs to be cleaned up. (landscaping trash bins and possible painted to give it a face lift.)"
- Very much more graffiti and the city takes way to long to clean up also apartment complexes with overflowing trash dumpsters looks really bad. When driving through the city Commerce City project area's real look scary makes you want to get out of town as fast as you can.
- Narrowing of streets, Chip-sealing that only lasts a couple weeks!
- A wood fence that blocked my view of the street when I drove out of my driveway-then a metal fence that was partially obstructs my view-I think it is to tall-should be shorter so I can see oncoming traffic. I believe if it was a private residence the city would have made the resident move and lower the fence.
- Home values have declined, and there are no grocery stores nearby.
- The intersection on 96th ave and highway 2 is very dangerous. You can't turn left on highway 2 under certain conditions; 1) If no one is in the other lane, the light won't turn green, at night when no cars are around, I get in the wrong lane to try to get the light to change, so I can turn left. If there are many cars in the opposite lane coming toward you, I often get in the intersection and run a yellow light, just to get a chance to turn, another problem is that if traffic is backed up and there is a train you cannot take a right on 96th and Hwy 2 for a very long time.
- Squirrels they are killing established trees, there are too many. Raccoons-kind of scary in my backyard.
- We need more grocery stores near 104th ave and Tower rd.

- Lack of supermarket, no on-ramp from Tower to Pena westbound, foreclosures, lack of landscaping enforcement.
- The fact that nothing has been done to widen Tower road or to make an entrance ont Pena at Tower.
- More people not cleaning up after their dogs, not enough street lights in neighborhoods.
- Slower growth, unfinished sections.
- Not thrilled with the types of things coming in-Sonic, Checker auto, Del Taco, 2 liquor stores, etc. I think the decisions about what to bring in could have been better.
- People not taking care of the new roads and sidewalks also the work the city did to their yards after it was all finished. People don't take care of the work the city did for them.
- Development of multi-unit housing, Lack code enforcement, yards grafitti
- I don't like how the city is doing new sidewalks here and there. There should be a new sidewalk down all the streets making people clean up there yards, not just some, all.
- Traffic/Noise.
- Park on streets.
- More traffic, noise, trash.
- Traffic/Congestion/Foreclosures/Empty Houses with weeds/No Landscaping
- Foreclosure issues, dry lawns, trash, loud neighbors, homes in disrepair. Excessive barking dogs.
- Taxes at Prairie Dove stuff are a bit much like at Super Target - might save money to shop at another location, stores needed are Sam's/Costco, Ross/TJ maxx, michaels, Old Navy, a bookstore, Sports bar, Qdoba, Boston Market.
- More People, Traffic.
- No Movie theatre in Commerce City.
- "Road construction-continuous road closures that ""trap""-"
- There have been many foreclosures nearby and the vacant building and lot have not been cleaned up.
- n/a
- People parking on the curve to pick up kids from charter school, loud music, cars going over 25 mp down residential street
- Roads have not been improved, shopping within 7-10 miles.
- New Housing(still unsold/not rented), more dust/air pollution (gravel pit, construction of Denver water reservoir), more heavy truck traffic, to much neighborhood services (weed ordinance, etc.).
- Crime, HOA problems, Area looks awful! Promises that are never kept!
- Rancho Libro refusal to hire non-mexican people even if qualified for job. Smell of old blood in meat coolers. Island deviders at T&A and 72nd & Quebec.
- Vacant houses, yards not maintained.
- "Too many vacant homes, too many illegal immigrants, too many lost/lack pride. Library needs an adult only area! And more computers with faster internet, less teens making out, less children in computer and reading areas. Too many ""mexican only"" establishments. We are not in jaurez."
- Road base (chip skip).
- My child has been identified as gifted and talented and I do not feel she is being adequately challenged in school.
- No
- Increase in the number of Illegals and nothing being done to deport them.

- Vacant homes not taken care of by Banks or whoever own them, brings down other property values. Homes that are rented or bought by families that end up with 20-30 people living in them & taking up parking on the whole street with 10 - 20 vehicles.
- No services around Buffalo Run. Center median on Chambers has not been addressed since the road was widened.
- No snow removal, foreclosures due to unavailability of jobs in Commerce City, the bad changing political stances of elected officials.
- Multi family dwelling in homes constructed for 5 person families. Multi cars parked on streets in front of my house!! Some 12-15 family members in front yard on many nights of each week. Crimed - 2 murders - graffiti - cars/trucks with mufflers - way to loud!! Also radios/audio systems loud base!
- That they need a turning signal on hwy 2 to turn left at 96th north and south.
- Property Tax
- Empty houses not selling and sometimes their yards are not kept up.
- I cannot name changes that have been done that I don't like.I hope there will be a grocery store in the reunion area and lane expansion around the area as well 104th is working good.
- Increased taxes
- Noise pollution from DIA ;no addition of curb side recycling; recycling center on hwy2 often used for dumping& often full
- Many foreclosures and the HOA not enforcing it's rules-it is very frustrating.
- Resavoir to the north of the Dunes bordering 85 and the one on 112 Ave South of the Dunes and owned by Denver Water continue to just be big holes in the ground. Did they get forgotten? The farm on the South Side of 112 Ave continues to be a dump!
- Lack of police coverage in our neighborhood .Police officers tell us that they are too busy to cover all areas of commerce city .I would rather allow tax dollars to improve the service offered by the ploice force.Instead of building more parks
- The new trail at the arsenal.I would love to see 96th & hwy 2 widened
- Increased graffiti at parks
- Lawns/ landscape not kept up w/ vacant homes
- Less care of weeds ,trees,etc
- City should stream line building permits for additions and new housing in core city to prevent slums in old city housing area
- Slow rate of business (grocery store) coming to North. Poor infrastructure Hwy 2 remaining 2 lane. North people spend money in Brighton because of poor access to Core. Lack of on ramp from 104th to I-76 East and West Bound. Would be good access for fire dept. to go east bound on I-76 from 104th. Currently have to go to 96th to turn around, result in slower response time.
- Noise from airport.
- Stopped building=incomplete neighborhood coffe shop moved locations.
- Noisy neighbors
- More housing/traffic
- Too many houses on market
- Foreclosed, vacant houses. Poor care taken of properties. Huge decline in property values. More rentals. More stray animals.

- Too many foreclosures. Gang graffiti.
- Fast food restaurants, Checkers auto parts, pump station, wider roads but no bike lanes.
- Hoem foreclosed and rentals-they don't take care of yard-let grass burn.
- More crime is rising up we don't feel safe anymore
- Run down yards, neighbors with several non-stop barking dogs! A \$1000.00 property tax increase from the first year of residency to next. Non-widening of highway 2 more sidewalks needed.
- Unkept houses. Houses are going into Foreclosure. HOA's are not enforcing lawn care.
- More plane noise than ever before. We need a grocery store!
- More empty houses (foreclosures, etc); declining existing roads; more cars/trucks/trailer at one residence... too many!; Increase graffiti (gang signs); Dogs without leashes; loose dogs roaming the park and streets.
- Don't like the 4th of July fire works at Dick's sports stadium or any of the other used to be free events for Commerce City.
- Train Noise! Need silent crossin at 104th! Need more businesses on 104th.
- Very minor changes at 96th and Hwy2, needs expansion, better intersection, not enough improvements.
- Negatively from southern part of the city towards the north, which is seperated by some community members and S.A. water board members. Divisions of city is horrible. Increasing airport and traffic noise.
- The HOA. Need to get rid of the HOA.
- No businesses within close proximity.
- I absolute HATE the traffic circle! People hit the median all the time
- A park for the kids were promised. Never completed, guess Ryland homes won't put one in now. There is not a park in walking distance from our house and we pay the highest in taxes.
- Decline in yard care.
- Have only lived here 1 year.
- The configurations on Quebec where two way traffic is impossible. The medians in the middle of the road are a hazard. Also watering weeds on the corners of the streets is ridiculous, even if it is pottable water. Commerce City should take care of the weed problem. I try to keep my yard weed free and here they come along and water them. Also the tumbleweeds are bad since the fence was removed.
- Everyone does not follow HOA rules for fencing and lawn.
- No shopping, grocery, or retail. No public transportation to downtown (express).
- Progress is slow. We need grocery shopping.
- Property taxes are outrageous due to unrealistic value assessments. Also, many empty houses from foreclosures.
- More airplanes traveling overhead our neighborhood.
- The city needs to do something about noise levels from loud speakers in cars that pass through neighborhoods that shake the windows and is very disturbing
- Houses foreclosed on, people wanting to change name of Commerce City!
- No left turn to exit my neighborhood with new school traffic gets backed up on 120th westbound.
- Empty homes, No improvements by city in this area. Everything done East+North of us. Poor maintenance of SOME neighborhood yards as well as city responsibility to maintain their own city property. If a homeowner has weeds 6 in. or more, they may be threatened to be fined. I cant think of any major improvements. Since the highschool decided to move east, I see nothing being done for us here. All the attention is being given to those East of Hwy 85.
- Only a sign for a future park at Chambers and 116th.

- Houses sold many times. Unfriendly neighbors. More fast food but still no decent grocery.
- Construction.
- The population growth, all the children on my block, also the noise level, but I can deal with that.
- Small Mexican Café's, Closed 711 on 72nd. Houses lost and run down, run down yards.
- Neighborhood was never finished, snow removal very slow, we feel abandoned!
- When some idiots dress in uniforms went around writing tickets to everyone, measuring weeds that were 8.5 inches tall, writing us up for bad siding and trash bags in the yard, which were filled with the bad siding. We're in debt up to our necks. Do you help handicap senior citizens? Writing tickets to people who have yard sales! Whats wrong with this picture? The police are supposed to be a friend and protect us, not make us all afraid of you.
- Too many liquor stores and fast food. Not enough restaurants or major shopping centers. Walmart, Lowes, etc.
- Many houses empty and run down. Dead plants and shrubs in open spaces. We were promised a park. The sign has been for 5 years-still no park. Lots of standing water in intersections, mud and mess in gutters, cars parked everywhere.
- Closed outting from where I live to Quebec St. I have to drive a block or more to go either way.
- The work on I-76 for the Hwy 36 east bound and north on 25 if you get into the carpool lane you pass/can not get onto I-76.
- More renters and foreclosures. Yards and homes not being maintained as well as they used to be.
- The intersection of Quebec and 72nd. It was easier to get to my house off Quebec but now that it is a one way to the frontage road I have to drive around a couple blocks.
- I haven't bee noticing any dislikes.
- They have more more hispanic and mexican in the neighborhood.
- City not keeping up on mowing city property. HOA not taking care of community areas and city doing nothing to the HOA about it. Community is degrading slowly and this is the NEW area of Commerce City.
- Made getting to my street harder have to make a u-turn and go past my street to get there.
- Construction, no changes in lighting of major roads such as 104th and Tower Road-both very dangerous at night especially in the winter. *Need street lights*.
- Taxes doubled-home being left empty-snow removal, bad during big storm
- Water pump station much larger & taller than expected. Lost mountain view
- Implementation of new traffic lights. While, they aren't bad the timing of these lights seems to be too long (red) or high traffic and not enough well timed pattern.
- Additional housing communities-we moved to this area because of its rural appeal-more traffic and congestion. I do not like the fact that there is no recycling programs. The city of Thornton has excellent programs for recycling, collection of large items for disposal along w/hazardous waste (I know there is a collection 1x a year for last item)
- Feel we are being taxed to death! Drive out of area to shop for more choices and lower tax rates. Number of abandon, unkempt homes and rentals.
- I wish when it snow a lot that would plow the side road too, for we would not get stuck in the snow every body would clean there sidewalk off when it snow.
- The median on 120th and Chambers needs trees/grass/plants it looks bad-too many (non legible word) going up

- Hwy 2 has not been widened and Hwy is very heavily traveled in the rush hours. Also 96 needs to be widened and the flooding situation addressed in low areas, also snow fence is needed during the winter and we need plows to remove snow in our neighborhood also, not just on the street for school buses.
- Foreclosures, dead trees along Chambers
